

NUTRAFOL^{MEN}

MEN'S HAIR GROWTH NUTRACEUTICAL

A clinically tested, daily hair growth supplement physician-formulated for men with 100% drug-free, standardized ingredients to target the root causes of thinning for visibly thicker, fuller hair growth and scalp coverage, without compromising sexual performance. ⁽¹⁾

WHO THIS IS FOR:

Men over 18 years who are experiencing hair thinning and/or want to be proactive about thinning.

KEY BENEFITS:

- Fast growing, stronger feeling hair ⁽¹⁾
- Visibly thicker hair volume ⁽¹⁾
- Visibly fuller hair and scalp coverage ⁽¹⁾

MEN ALSO REPORTED:

- Does not compromise sexual performance ⁽¹⁾
- Positive feelings of stress and supported sleep quality ⁽¹⁾

POINTS OF DIFFERENCE:

- #1 dermatologist-recommended hair growth supplement brand.*
- Physician-formulated. Clinically tested ingredients.
- Nutrafol's proprietary blend of bioavailable, natural ingredients synergistically targets multiple internal triggers that cause hair thinning.
- 22 standardized ingredients to ensure the same potency in every serving.
- Responsibly sourced ingredients from all over the world and manufactured in the United States.

HOW TO USE:

Take 4 capsules, all at once, once daily with a meal.

WHEN TO EXPECT RESULTS:

Hair growth takes time. You can expect to see visible improvements in 3-6 months with consistent use of our efficacious daily dosage.

1-3 months: Vitamins, minerals, and natural, standardized ingredients are replenishing and supporting the body from within, strengthening the internal hair follicle, and lowering stress hormone levels to promote a healthy hair growth cycle and reduced hair shedding. ^(1,2)

4-6 months: Your supplements are addressing the root causes of thinning from within to support a lengthened hair growth cycle. You will see less shedding, fuller scalp coverage, and improved hair quality. ⁽¹⁾

6 months and beyond: Continue to manage the root causes of hair thinning to maintain your hair growth.

WHAT ELSE YOU NEED TO KNOW:

Men's hair thins and hairline recedes due to underlying imbalances in the body that can trigger thinning hair and activate genetic predisposition. Our 22 key ingredients targeting these imbalances with our natural ingredients targets the root causes that generate hair thinning with patented technology to grow thicker hair with more scalp coverage.

OUR PATENTED SYNERGEN COMPLEX:

Saw Palmetto: A high concentration of fatty acids that reduces the conversion of testosterone to DHT to improve hair growth. ⁽³⁾

Tocotrienol Complex: A concentrated form of vitamin E, a super antioxidant that fights against environmental stress to improve hair density. ⁽⁴⁾

Curcumin: An antioxidant that targets imbalances in the body to support healthy hair. ⁽⁵⁾

Ashwagandha: A high concentration of plant actives derived from the leaves and root that perform stress-relieving benefits to reduce hair shedding. ⁽²⁾

Marine Collagen Peptides: A rich source of protein and amino acids that makes keratin and builds stronger hair fibers. ⁽⁶⁾

Physician-formulated. Free of gluten, dairy, soy, hormones, drugs, gelatin, and artificial colors or flavors. Non-GMO certified. Halal. Recyclable bottle made of 30% PCR.

*According to IQVIA ProVoice survey for 12 months ending March 31, 2023.
